We entered as one

Upon our carrousel of life
A sense of doing,
A sense of involvement
Permits us to live to the fullest.
Seeking that which fills a void
We choose the Action for ourselves.
Among our tangled yet separate bodies
We discover ourselves being
Swept through the currents of
Activity.

From where does one obtain
 Vision to see the roads,
 Understanding to comprehend
 The many ideals to follow?
 Facts are thrown from above,
 Interpretation comes from within.
 For all these years
 We strive to float with the
 Tides that roll onto the banks of
 Knowledge.

 Best of luck in the

Through the structure of steel and stone
 We spend our years at a second home.
 Amid the signs that name this
 Focus of our lives,
 Burgeons the shell of our spirit.
 We have met and absorbed the
 Faces of Northwestern.

Where will the tides carry us?

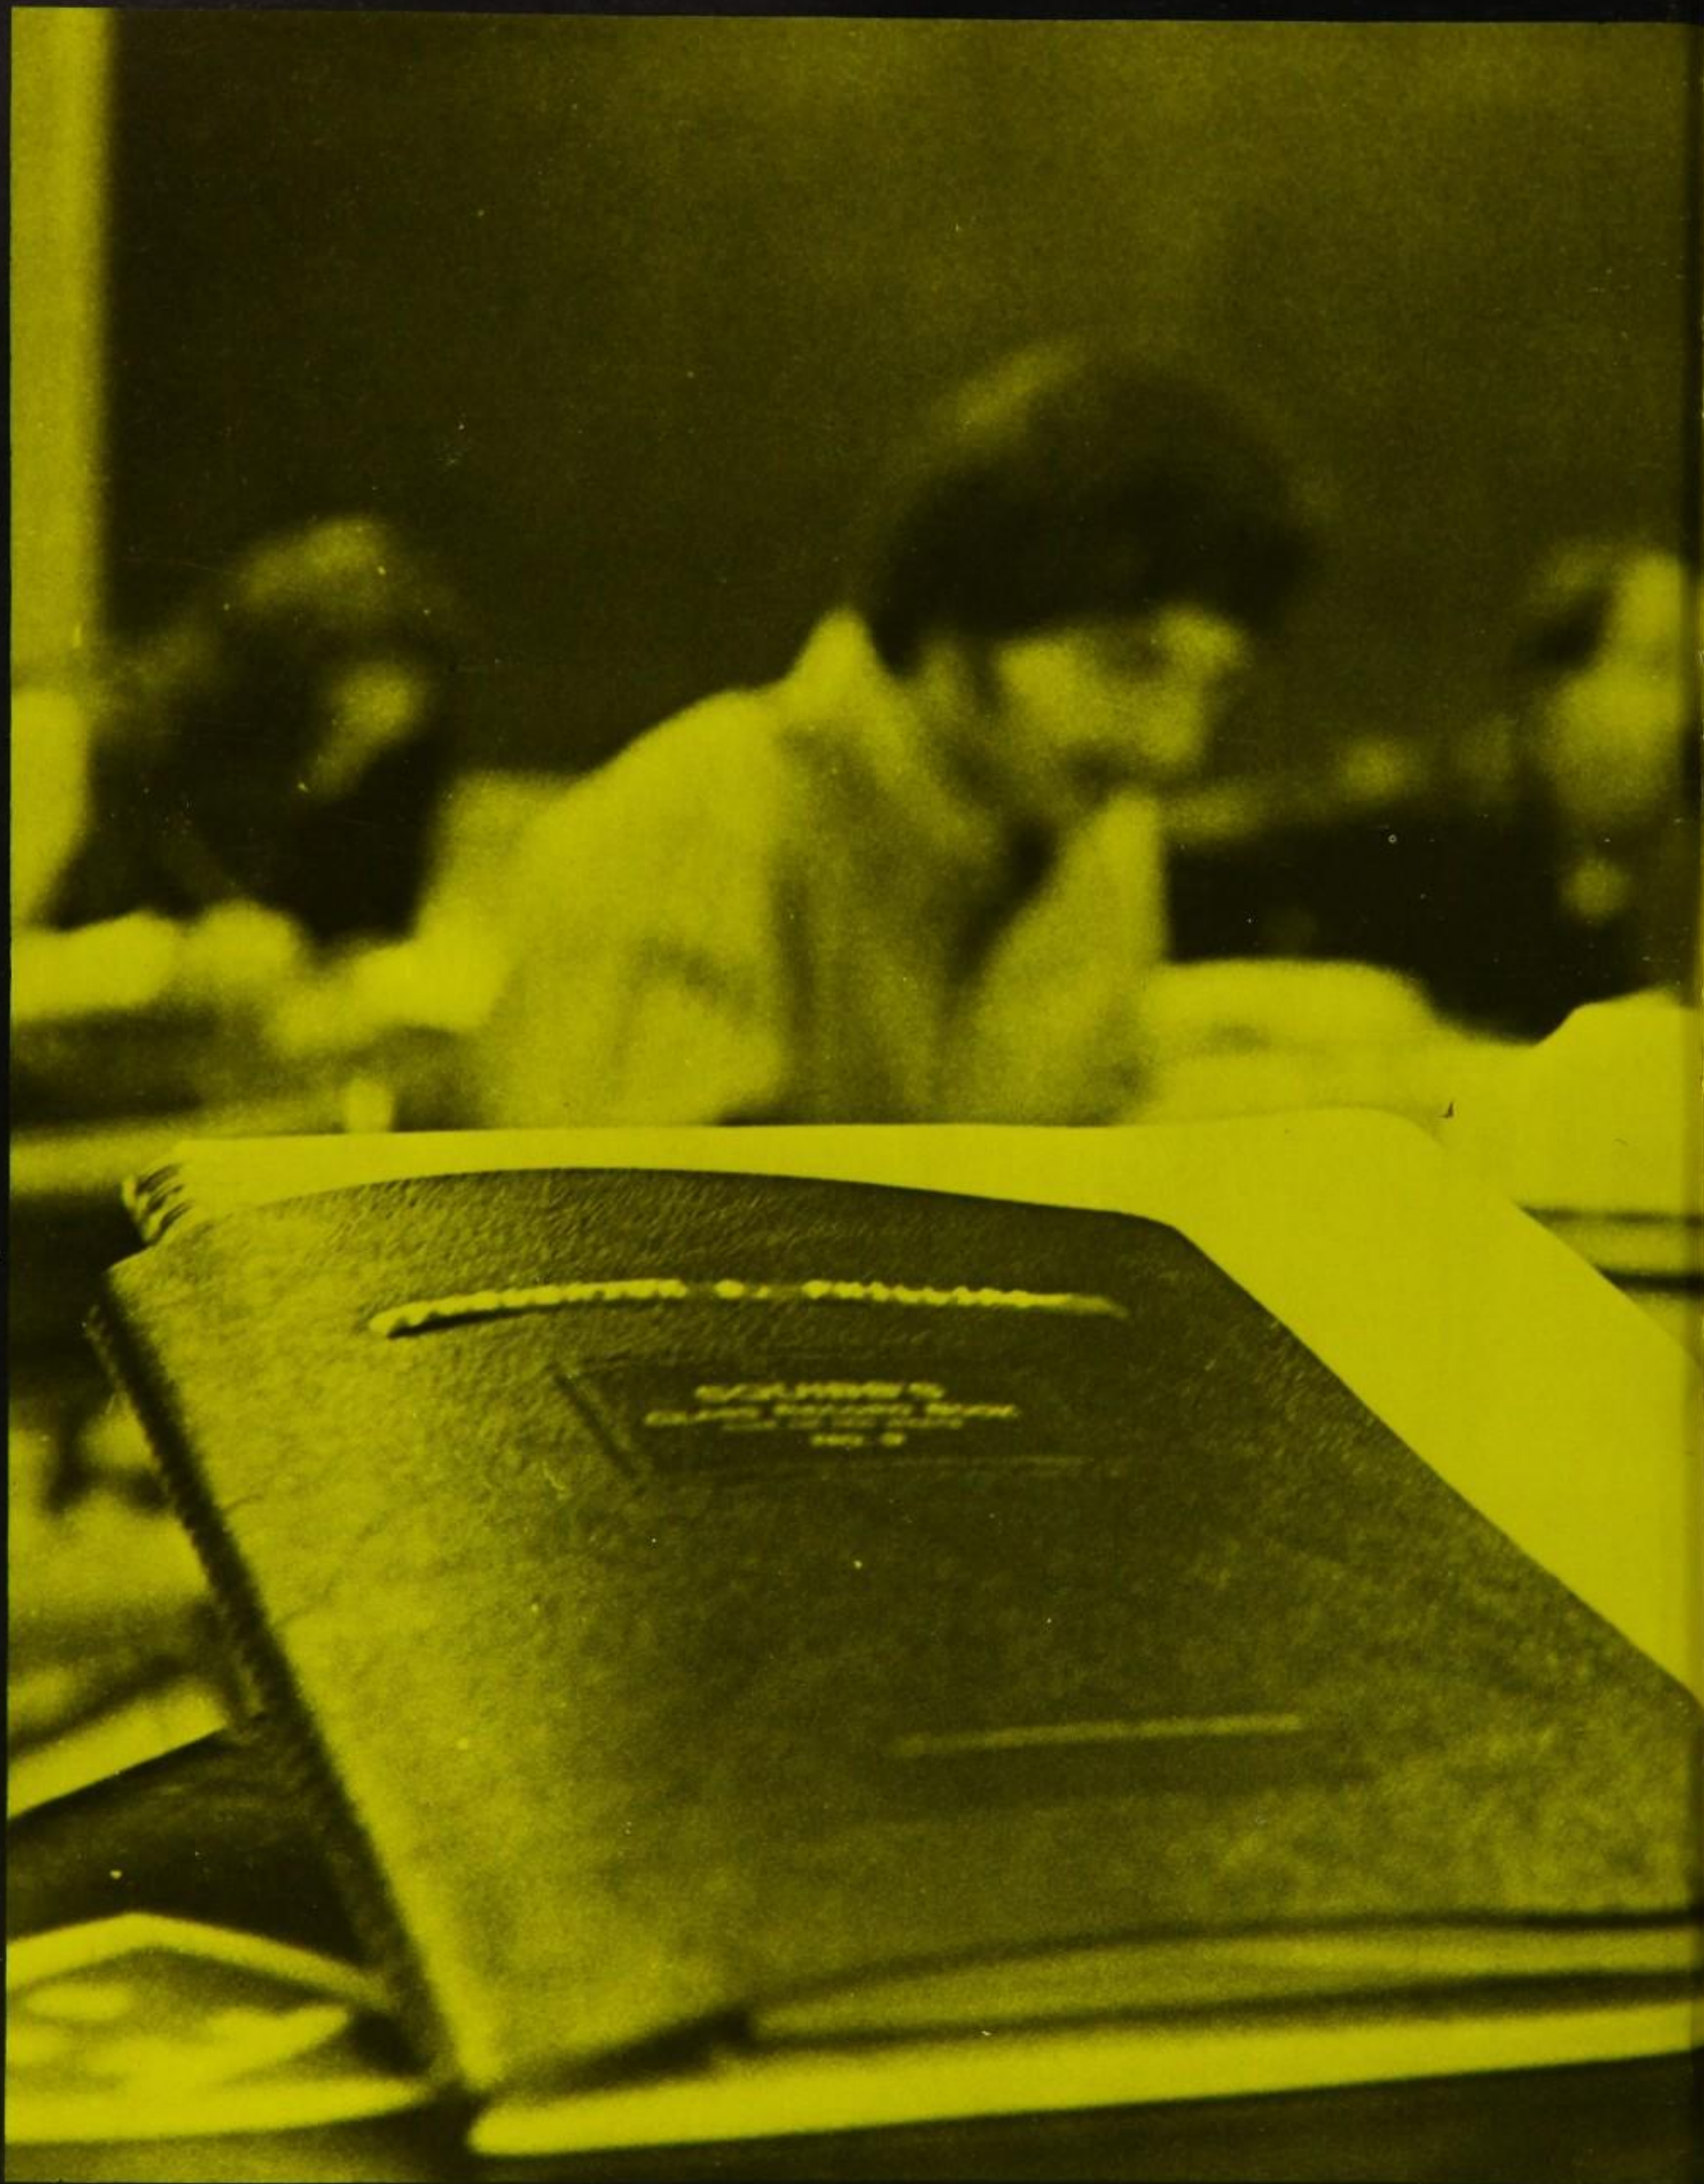

As new inhabitants
Thrust into the tides of life
Swirling, pushing, turning,
floating, struggling, submerging
Form our destiny.

This game is new.
Prepared and handled we have been.
The test is near to see
if the pieces fit the puzzle or

To make way for stronger pieces.

Mr. Raymond R. Reed Principal

Mr. Raymond R. Reed, our principal, is responsible for the smooth functioning of Northwestern. He skillfully handles the overall school program and operation, publicity, public relations, P.T.A., assemblies, and publications. He attends Student Council and Student-Faculty Senate meetings. He supported the modified Open Campus policy for 1970-71 which abolished tardy bells, library passes, and established a richer curriculum, placing more responsibility on the individual student. His enthusiasm and vibrant attitude unveil the true spirit of Northwestern.

The heavily-accented southern voice that booms over the P.A. each morning belongs to Mr. Diggs. His major areas of responsibility are supplies, budgets and inventories, the organization of assembly programs and class meetings. He is also in charge of the attendance and final check-out reports. Besides that he prepares the locker lists for homerooms, assembles Federal Census reports, and directs the registration of parking lots for both faculty and students.

To prepare juniors for the glory of their senior year is the responsibility of their Vice-Principal, Mr. Edwin Riggin. Mr. Riggin deals with outside-of-class student problems and attends all Student Council meetings. He is also engaged in all class activities, consults with and advises class sponsors, and works with athletic programs.

Vice Principals

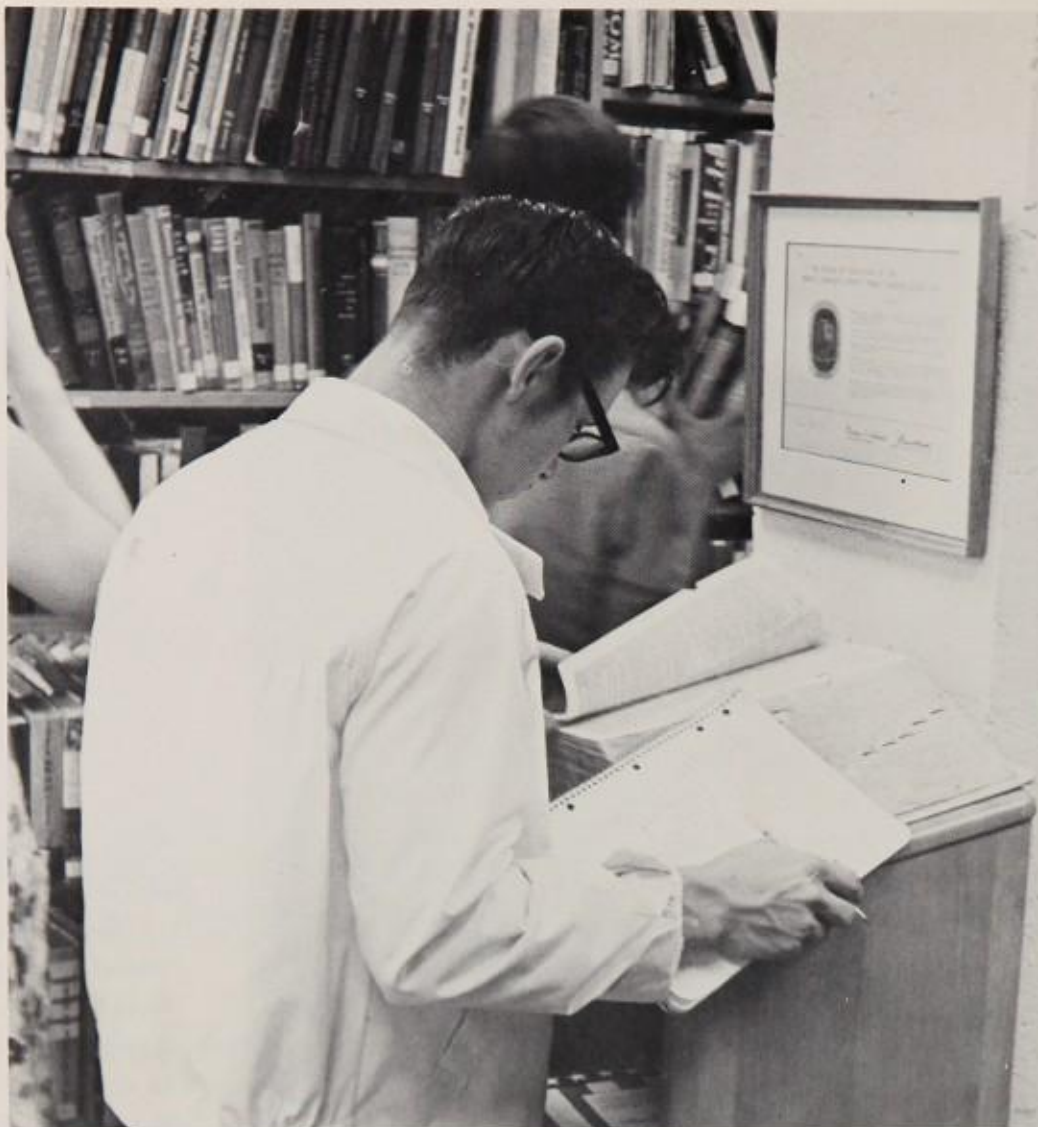

Sharing the dreams and grandeur of the Senior Class is Vice-Principal, Mr. Walter Pfaender. With competence and concern he handles all problems seniors may encounter. Students who eat during one of our three tranquil lunch shifts will see him as the man in charge.

To guide bewildered sophomores through the hurry scurry at Northwestern is Mr. John Chappell, Vice-Principal. Included in his duties are consulting and advising class sponsors, handling any problems a sophomore might have, and diligently working on the master schedule.

The term "gifted teacher" is by right reserved for a few and by right accorded to Miss Caroline Hardy. A teacher is good not so much by virtue of what she says or how, but by what she is to her students, and by this standard Miss Hardy is truly one of the best. She is one of that rare breed of teachers never new, never old, but inconspicuously present in every generation who embody what good teaching is all about.

For all her students, Northwestern says "Thank you" for forty-four years of devoted teaching.

Considering that we live in a scientific world, it is inevitable that we must broaden our knowledge so that we, as young adults, may contribute. The Science department at Northwestern enables students to learn about the world around them. Science is our environment and with courses such as Biology, Chemistry, Physical Science, and Physics, we are taught the scientific method of understanding the phenomena of life.

The student of art first explores the world around him, finding that small things once unnoticed, now have great beauty. Little by little the student learns the many qualities of art such as texture, color and form. He then can experience life and express it in his own personal form of art.

Including the general art courses, Northwestern offers Art Double Period, which is an advanced program based on a curriculum that allows pupils to pursue art interests in greater depth.

To capture the movement of life and preserve it forever is the purpose of photography. The students involved learn basic facts about a camera and how to develop their own pictures. This takes more than a steady hand and good eyesight; it takes skill. Photographs revive memories of the important events of our lives.

Action

Student Council

The Student Council was striving this year to take an important position in the ever-growing role of student participation. Homecoming, assemblies, pollution and other topics took a minor role to educational reforms and other relevant resolutions. Open council meetings, comment by any student present and other innovative ideas helped make the Council the true voice of the student body.

They serve a double purpose — first, they provide spirit for the J.V. team; second, they gain the experience needed to fill the places left by the graduating seniors of the Varsity squad. Their duties and activities are the same as the varsity's and they contribute to the school spirit.

Drill Team

The NJROTC Drill Team is a completely volunteer unit, made up of ROTC cadets. The Drill Team practices every day after school to help maintain their high level of efficiency and they are especially proud of their skill, discipline and esprit de corps. They performed at parades and other school activities.

Karate Club

Northwestern's Karate-Self Defense Club, at the end of its first year of existence, has given demonstrations and competed with other area high schools. Students, after a certain period of instruction, were allowed to test for higher belts.

On February 18, the seniors sponsored a Karate exhibition by the Karate Club. Spectators marvelled at the skill, dexterity, and swift manipulation of the body performed by the members of the club.

Northwestern's annual Sweetheart dance featuring Gatorz Old Lady was sponsored by the Senior Class. Highlighting the dance was the crowning of the King and Queen and their court. The evening was a sparkling success.

Homecoming

Homecoming 1970 was warm, both the temperature and the memories of returning Northwestern graduates. The football team lost that day, but Northwestern's "It's Academic" team won. Homecoming chairman Allan Fishbein crowned Carmela Parnelle 1970 homecoming queen. The parade and floats were greeted with enthusiasm by visitors and students demonstrating that Northwestern's spirit is very much alive.

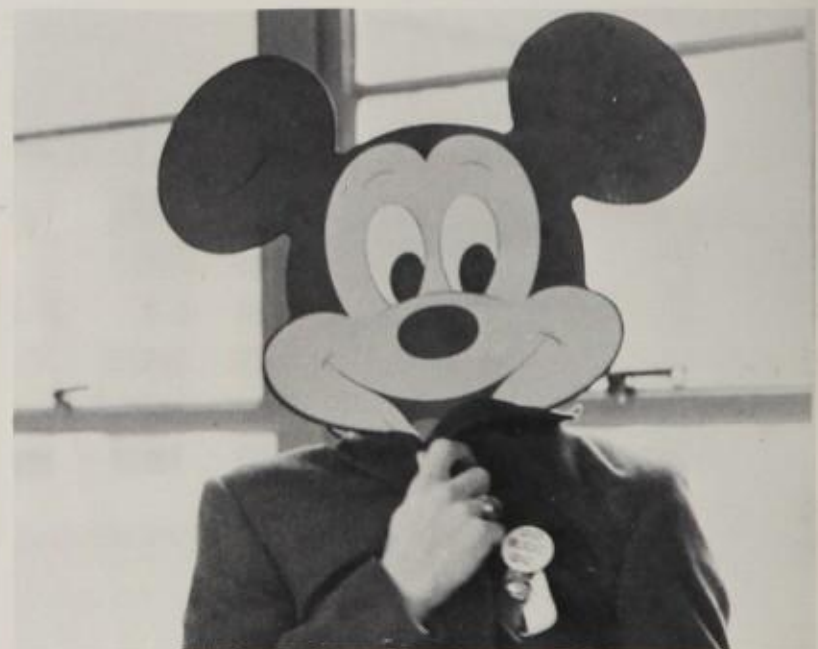

Carmela Parnelle — Homecoming Queen

Northwestern is . . .

A Beginning . . .

a place to be serious,

sometimes be silly,

and to learn what it's all about.

a happy feeling

when everything goes right,

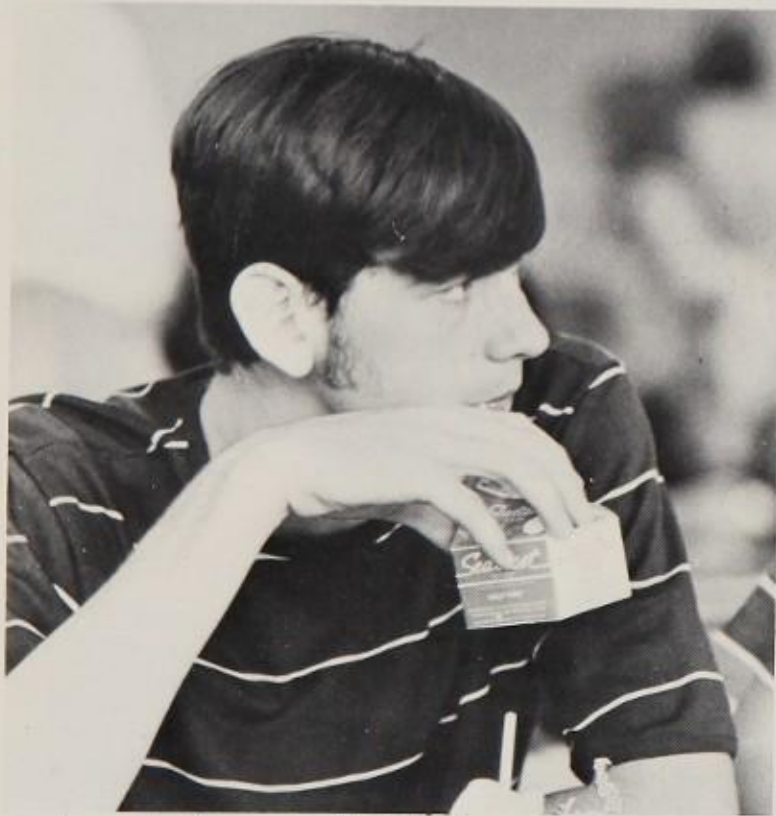

and suddenly,

nothing goes your way.

where we are united,

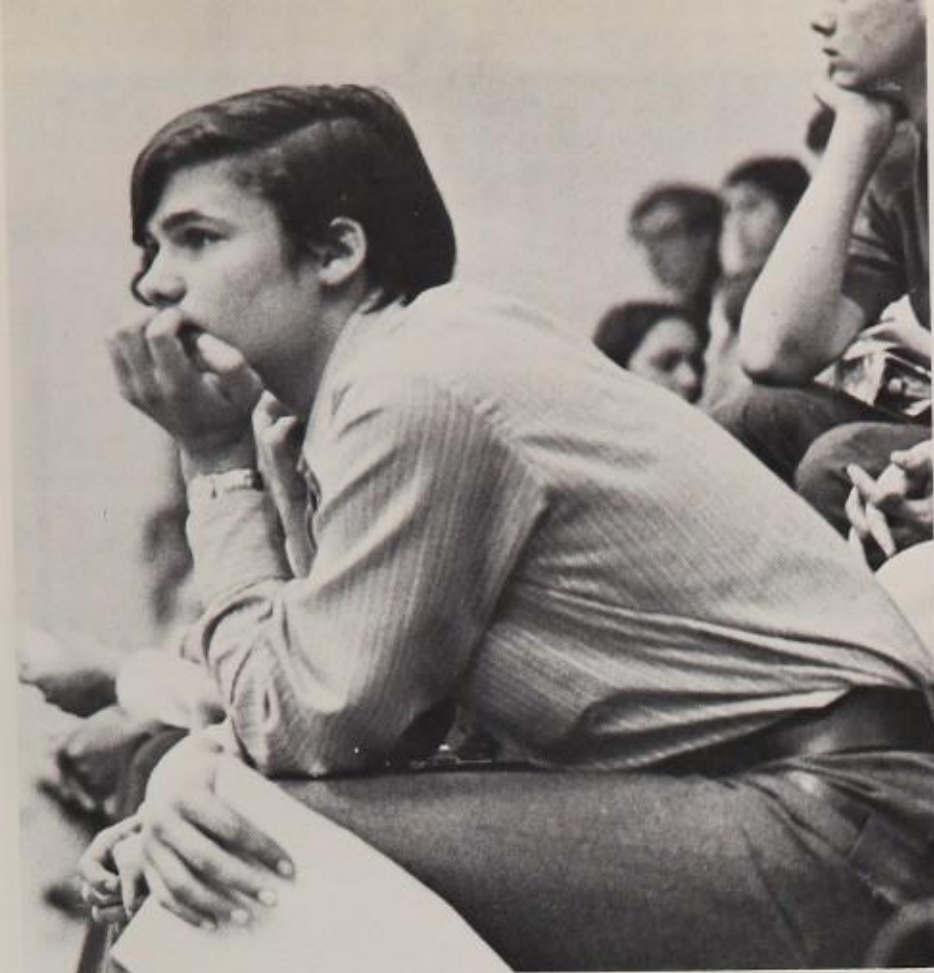

yet each is an individual,

sometimes lonesome for a friend,

yet free.

where we often think,

and realize,

that maybe it's worth it after all.

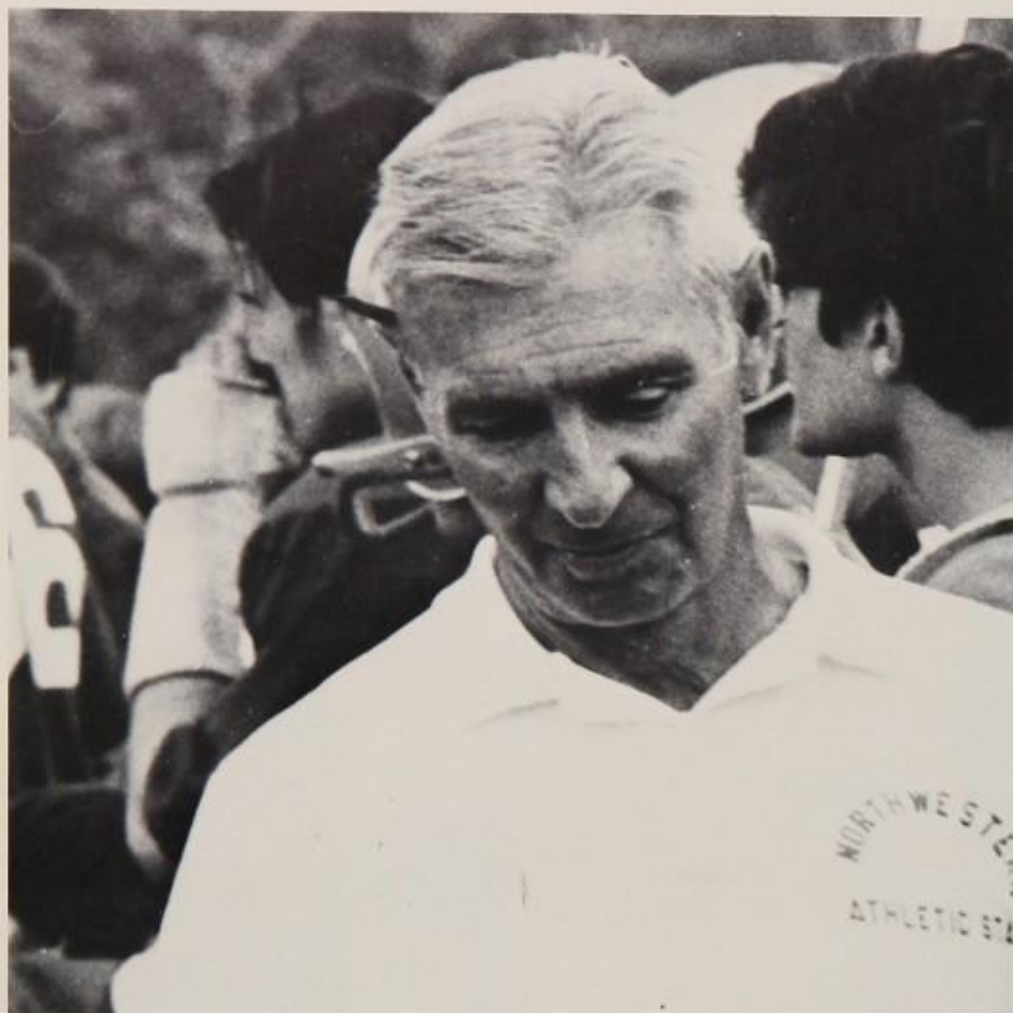

. . . and an end.

The 1970 Northwestern Varsity Football Team struggled through one of their worst seasons with a 1-9 record. The lone bright spot occurred when the Wildcats pulled out a thrilling last minute victory over DuVal 19-13. Mike Datlow, Bob Reaves and Demetrius Romaniuk each threw touchdown passes against DuVal.

The Wildcat offense was held scoreless four times, while the defense yielded a record 306 points. The steady play of All-County tackle, Dave Muir, was the only consolation to Wildcat rooters.

Soccer

Booters Capture Second In State

The 1970 Northwestern Soccer Team finished the season with a 12-1 record, placing second in the state. Our team was blessed with talent in every position, led by All-Metropolitan goalie, Fred Terrell, who held the opposition scoreless in 10 of its 13 attempts. All-Metropolitan forward, Kirk Beale, scored 11 goals; other outstanding booters were second team All-Metropolitan Tim Carey and Daryl Khan, forwards; Jim Hobart, Roy O'Dwyer, Danny Pepe, Dave Templin, halfbacks; and Jim March, Brian Yaney and Doug Dowling, fullbacks. Northwestern stifled league opponents by allowing only 2 goals while scoring 25. At the end of the regular season Northwestern's record was 10-0, and the Cats moved on to oppose Walter Johnson in the district championship. Northwestern defeated Walter Johnson 2-0, and moved on to the semi-finals to defeat Mt. Savage 1-0. Game 13 ended the Cats' streak as they fell to Dundalk 2-1 in a heartbreaking match that lost them the State Championship.

The baby Cats developed the skills needed to go on to play varsity next year. The purpose was to give the players experience by playing as many games as possible.

The Northwestern Varsity Cross-Country Track Team, in its second year of competition, finished third in the county. The runners, paced by seniors Gary Douglas, Mike Wormersley, Bill Cross and sophomore Jeff Looney, finished with an outstanding 11-3 record which included two perfect scores. The Junior Varsity Team was equally strong, finishing second in the county and sometimes recording better times than the Varsity team. Prospects for the coming year appear bright, with many runners returning from both Varsity and Junior Varsity teams.

The 1971 Varsity Basketball Team finished the season with a dismal 7-12 record. The Wildcats were plagued by inconsistency, lack of height and the loss of senior Fred Terrell with a broken arm late in the season. Northwestern dropped several close decisions that could have given them a winning record. Outstanding performances were given by senior playmaker Jim March, center Fred Terrell and the all-around play of junior Jim Hartnett. Senior John McHugh did an outstanding job replacing the injured Terrell.

Indoor Track

This year, for the first time, Northwestern participated in several indoor track meets. The Wildcats showed well against the best trackmen in the area. Outstanding individuals were distance men junior Dave Monroe, sophomore Jeff Looney, and senior Tom Roach. Versatile Keith Hudson represented Northwestern in the hurdles and sprints. Northwestern's finest individual performer was high-jumper, senior Dave Muir. Muir has jumped 6'4" and consistently placed first.

To a rookie that was so great that he only had to run one meet to be called one of the super stars
Chris Klein '72

Tom, It's been great knowing you. You're a fine, fine runner and a real barrel of fun! Remember the times games we had, take care + keep cool always.

Sophomores

As sophomores entered Northwestern, they were aware of the need to adjust themselves to the wide range of new responsibilities. They learned to work together to produce their first important project, the sophomore float for Homecoming, and they demonstrated their talent, by performing in the annual Play Tournament. These activities and more helped them to identify with and to be a part of the Wildcat spirit.

Seniors

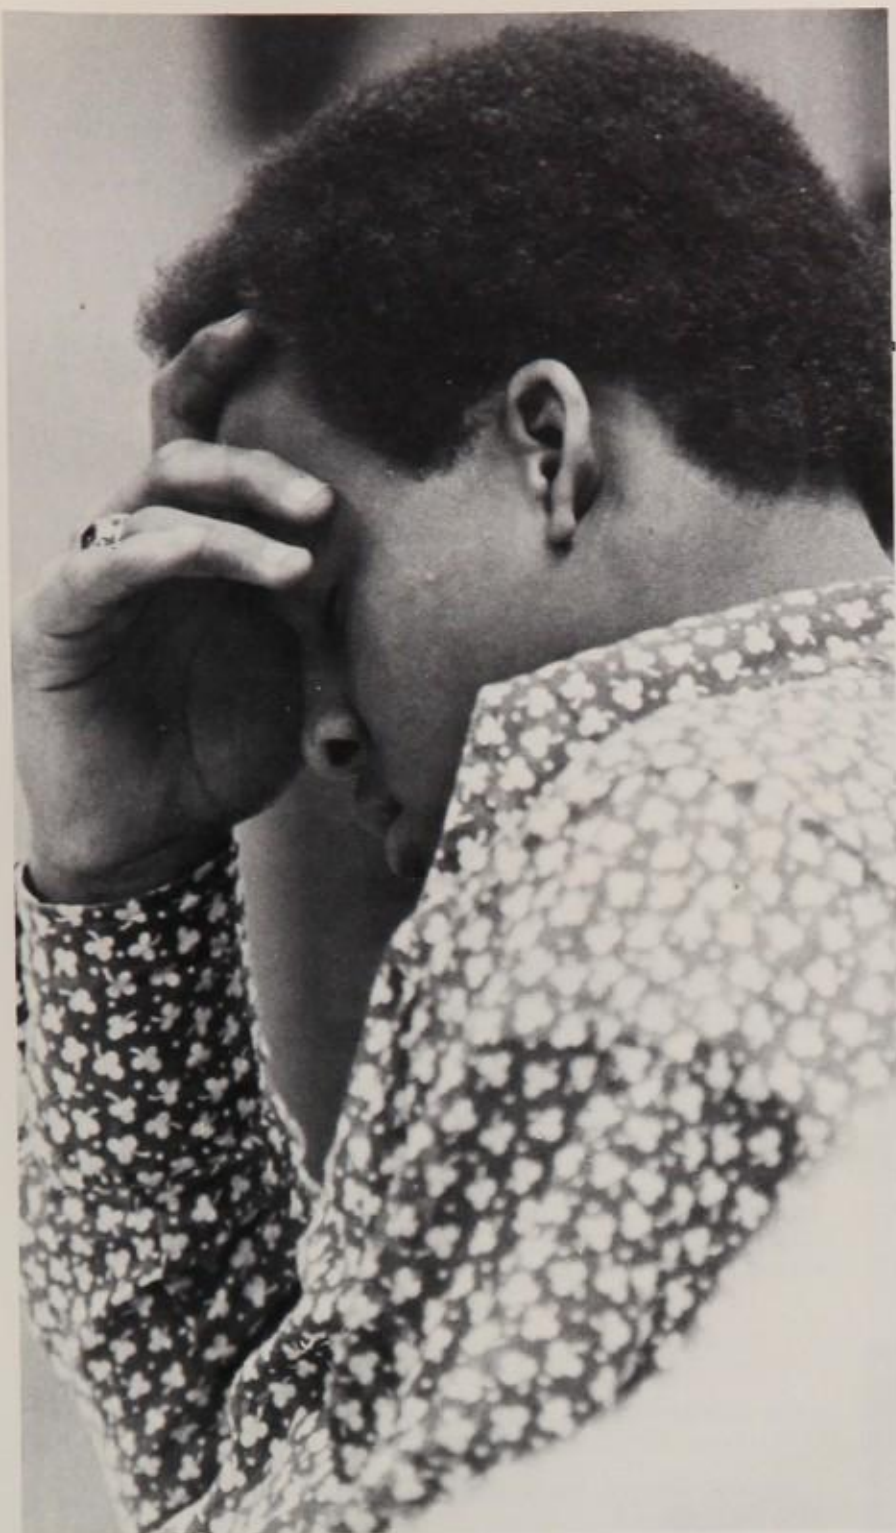

The prestige of being a senior began the first day of school and ended with graduation. There was only one senior year never to be forgotten . . . and it was over all too quickly.

The Spirit Week, the Play Tournament, Homecoming, the Senior Class Play and the Senior Prom were all a part of the Class of '71.

Tom -
Well it's all
most over, a few more
days and we're free.
Hope you have a successful
future and a fulfilling life
Best wishes
Love

In Memoriam Mary Ann Gray

"We speak of friends and their fortunes,
And of what they did and said,
'Til the dead alone seem living,
And the living alone seem dead.

In Memoriam Mike Major

"You have walked among us a spirit and
your shadow has been a light upon our faces.
Much have we loved you. But speechless
was our love, and with veils has it been veiled.
Yet now it cries aloud unto you, and would
stand revealed before you.
And ever has it been that love knows not
its own depth until the hour of separation."

Senior Prom

With the combined efforts of class officers and sponsors, seniors had their March prom at Montgomery Mall. The theme, "We've Only Just Begun," was taken from a song by the Carpenters. Music was provided by The Cherry People and Liberation and refreshments were supplied by the Caterer's Club.

Junior Prom

Refreshments served by Caterer's Club and colorful decorations helped to carry out the theme of this year's Junior Prom — "Here Comes the Sun." Music was provided by "Boxcar" and "Lights by Circus" helped to make the dance a memorable occasion.

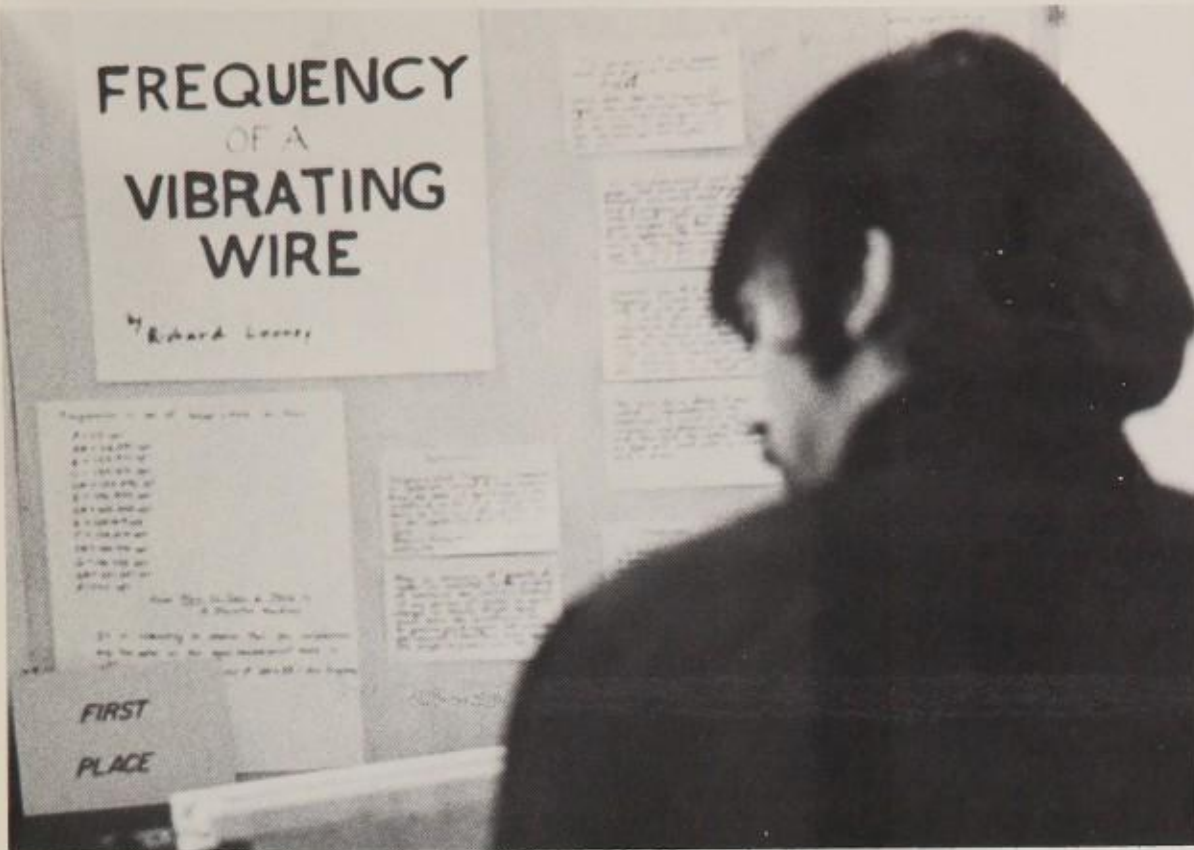

Sophomore Prom

Sophomores attended their first prom at Northwestern to the theme "While We're Young." Music for the nostalgic evening was provided by "The Magic Touch."

Science Fair

The purpose of the science fair is to give students an opportunity to demonstrate interest and growth in science. Outstanding contributions this year were made by Joyce Gross who represented Northwestern at the Junior Science and Humanities Symposium at Georgetown University and the National Symposium at West Point. Alan Fishbein was elected to the honors group of the Westinghouse Science Talent Search and Linda Coffman who won the first grand award at the Prince Georges County Area Science Fair and represented Northwestern at the International Science Fair in Kansas City, Missouri.

Awards Assembly

The theme "Happiness Is" brought deserving seniors together. Those who displayed outstanding achievement for three years in the fields of citizenship, scholarship and service were recognized at the annual Senior Awards assembly.

SENIOR CLASS PLAY

For the first time in Northwestern's history, the Senior Class Play wasn't a Broadway musical. Instead, it was an original revue of the Roaring Twenties titled "Those Were the Days." Through months of hard work and frustrations "Those Were the Days" finally became a reality to every senior and added to the glory of the class of 71.

Graduation

Graduation brought to a close a year of frustration, friendship and excitement. As the seniors came together for the last time, each gave a part of himself to the class and then was carried out in the tides of life.

We've only just begun . . .

At the conclusion of a year at Northwestern, it is an almost impossible task to recall all the events and experiences of just the last few months. In years to come, it will become increasingly difficult to remember those activities that seem so commonplace and daily to us today. This yearbook hopefully will be able to serve as a supplement to the lapses in our memory.

The 1971 year at Northwestern seemed locked in frustration and unrest. True, a few bright spots came through, but only after the occurrence of events that shook the student body from its foundations of apathy. Whether Northwestern was caught up in a social system that required a reactionary climate or was justifiably awakening to the need for constructive change, only time could reveal. However, the strength of a quiet optimism for coming years was beginning to be felt as the priorities of a modern high school were re-examined. In the final analysis, the interest and sincerity of students, faculty and administration in the commitment to expand and improve Northwestern on academic, cultural and extracurricular levels will determine the future of this school.
